PROFESSIONAL PROFILE

AI Developer with a University Technical Degree in Web Development. I build AI agents, bots, and full-stack solutions with Python (FastAPI), Angular, and AWS services. Previous freelance experience delivering end-to-end web platforms, supported by a teaching background that brings clear communication and strong teamwork skills.

PROFESSIONAL EXPERIENCE

AI Developer · Finnegans

Jul 2025 — Present

- Research and development of AI agents and bots for internal processes and customer-facing products.
- Implementation of improvements, integrations, and features using LLMs, RAG, and intelligent agents.
- Development with Python (FastAPI), Angular, TypeScript, and AWS services (Bedrock, DynamoDB, S3, Lambda, etc.).
- Prompt engineering, embeddings, tokenization, and MCP protocols applied to AI agents.
- Internal Python and AI tutor: one-on-one mentoring for other teams and tutor in bootcamps on AI, agents, and architecture.

Stack: Python, FastAPI, Angular, AWS Bedrock, DynamoDB, Redis, Strands, MCP, Langfuse, SonarQube

Full-Stack Web Developer · Freelance

Jan 2025 — Dec 2025

- End-to-end development of full-stack platforms for different clients.
- UI/UX design, frontend, backend, database, and production deployment.
- Integration of external APIs (insurance providers, payments, shipping) and digital marketing tools.

Stack: NestJS, Angular, React, TypeScript, PostgreSQL, TypeORM, Figma, Render, WordPress

Secondary School Physics Teacher · General Council of Education

Mar 2023 — Dec 2025

- Strategic planning and design of annual curricula.
- Instructional communication: breaking down abstract topics into clear explanations.
- Leadership and group management in collaborative, goal-oriented environments.

FEATURED PROJECTS

Finni — AI Agent Orchestrator (Finnegans) 2025

Conversational agent orchestrator using LLMs, RAG, tools, and sub-agents within the Finnegans GO ecosystem. Contributor as an AI Developer on the AI team.

Finnegans →

EDUCATION

Universidad Nacional de Entre Ríos

University Technical Degree in Web Development

Mar 2023 — Nov 2025 · GPA 9.21/10

Degree completed

View degree →

ISDICA

Secondary Education Teaching Degree in Physics

Mar 2019 — Dec 2022 · GPA 9.46/10

Degree completed

SKILLS

AI

Python · FastAPI · LLMs · RAG · AI Agents · Bedrock · MCP · Strands

Frontend

React · Angular · TypeScript · React Native · Tailwind · Astro

Backend & Data

NestJS · Node.js · Express · PostgreSQL · TypeORM · DynamoDB · Redis

Cloud & DevOps

AWS · Docker · Railway · Render · SonarQube · NGINX · Git

Design & CMS

Figma · WordPress · WooCommerce · GDevelop

CERTIFICATIONS

Diploma in Educational Robotics — UTN	2024
Docker Professional	2024
Data Analysis with Python	2024
Odoo Consultant and Developer	2024
Server Deployment	2024
Full Stack Jr — Argentina Programa	2023
Advanced Game Development — Argentina Programa	2023

LANGUAGES

Spanish	Native
Portuguese	B1

AI Portfolio — Conversational Assistant 2025–2026

Interactive portfolio powered by a Gemini assistant, function calling, SSE streaming, and dynamic widgets (Astro + React + FastAPI).
